CNC TURNING

***Doosan Lynx 300 CNC Lathe x 2 machines
2011 & 2012 Programmable tail stock, 12 station turret
450mm x 765mm capacity 76mm spindle bore 3500 rpm***

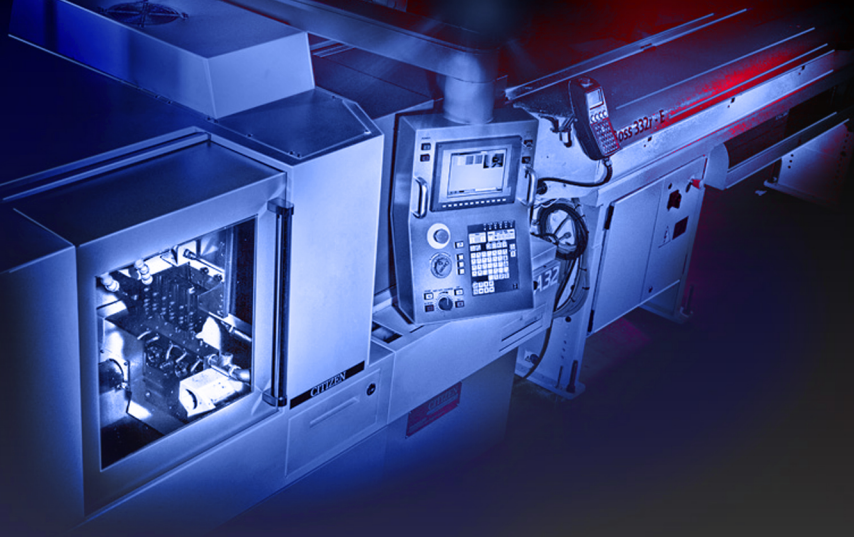

***Haas TL3 CNC Centre Lathe X 2 Machines
500mm x 1500mm capacity 88mm spindle bore 1800 rpm***

***Haas TL1 CNC Centre Lathe 200mm x 750mm 58mm spindle
bore 2000 rpm***

***Binns & Berry Trident L1000 CNC Facing Lathe Siemens
Shop Turn CNC Control 1250mm x 500 capacity 10-1200 rpm***

***Whether you need a one off, or 100 off,
we can offer a practical cost effective solution***

CNC MILLING

Working from customers designs, drawings or CAD models we are able to manufacture components in a varied cross section of materials

We use most drawing file types to quote and manufacture components

We have overhead crane with a lifting capacity of 5 tonnes

Nicolàs Correa A30/50 Ram Type CNC
5000mm x 1250mm x 1000mm (x,y,z) With Heidenhain 426
Control Universal Head

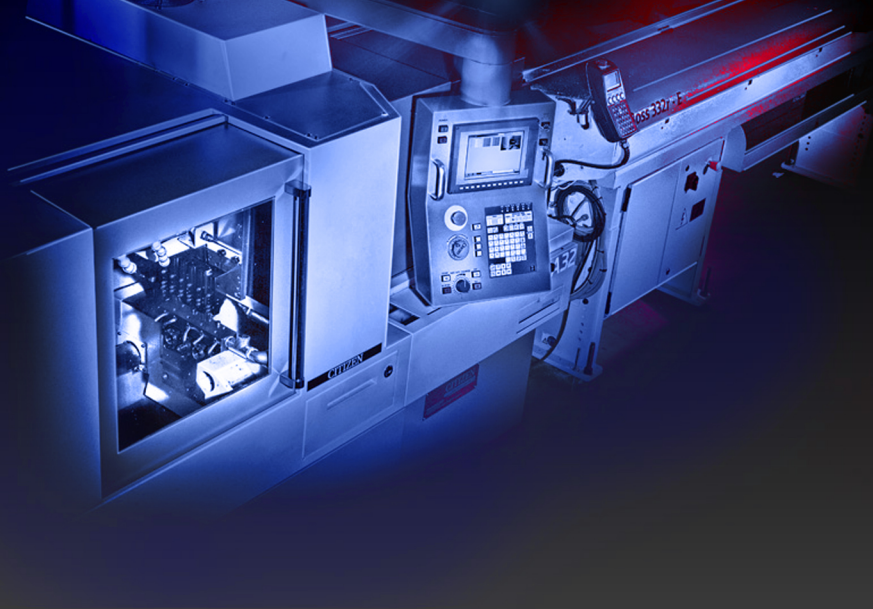

Giddings, Lewis & Fraser CNC 110 Horizontal Borer.
Heidenhain 426 Control Fully Programmable B & W Axis
1500mm x 1500mm Cubed Machining Capacity.

Ajax CNC 2600 Master Horizontal 2200 x 1400 x 1000
Heidenhain 430 Control 50 int. spindle

Huron DX Ram Mill 1250mm x 950mm x 700mm Heidenhain
355 Control Universal Head 50 int. spindle

XYZ 3000 Turret Mill Protrak Control 1250mm x 450mm

CNC MACHINING CENTRES

All CNC machines are off line programmable using customers models,
CAD data or manual input

Cylindrical Mapping & Cylindrical Engraving on 4th axis control
Our sales staff have many years of experience and knowledge to
call upon when assessing your requirements

Haas VF7 28+1 SMTC 2134 x 813 x 750 Capacity
2008 Machine with latest Haas Control

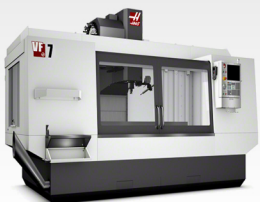

Haas VF3 20+1 ATC 1016mm x 508mm 2009 Machine with the
latest Haas Control

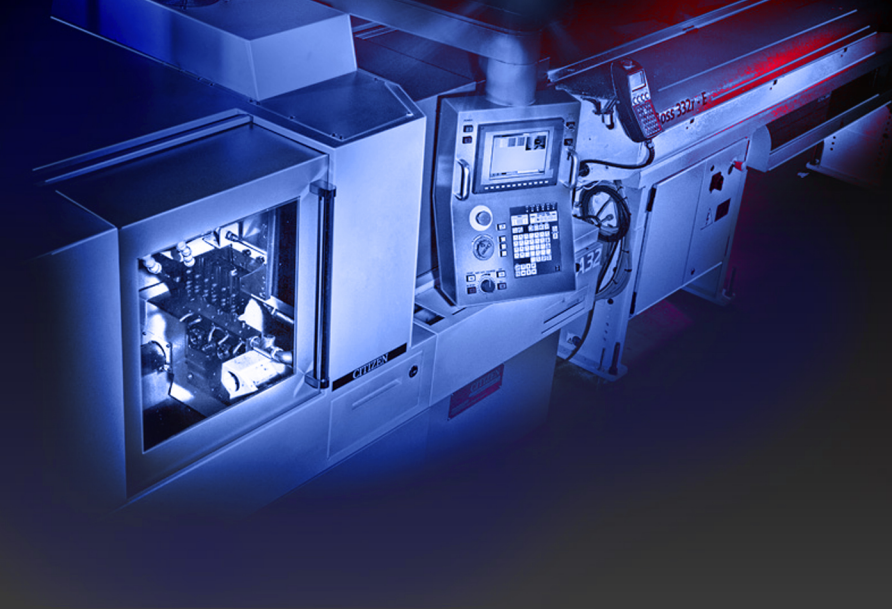

Haas EC400 Horizontal 1200 rpm spindle Through Coolant 40 Tool
atc Twin Pallet 400x400x650

Haas TM2 Tool Room Mill 10+1 atc 1050mm x 500mm 2009 Machine
With the latest Haas Control. 2 Machines

Datron M8 Super high speed VMC. 40,000 rpm spindle with chiller.
500 x 500mm Vacuum table with dynamicly balanced tooling 10 ATC

Bridgeport 720 VMC 20 + 1 ATC Heidenhain 355 Control.
Box sideways for extra rigidity

CONVENTIONAL MACHINES

Webster Bennett 48" Vertical Borer 2 Axis Digital Readout

Herbert Devlieg 4h48 Spiromatic Jig Mill with 3 Axis 5 Micron Scale Readout

XYZ 3000 Turret Mills 2012 with 3 Axis Read Out and power traverse all ways 3 Machines

Colchester 2500 Lathe 550 x 1800 BC 2 Axis Digital Readout

Jones & Shipman 1305 Cylindrical Grinder Internal/External.

XYZ 1520 Surface Grinder 600 x 400 x 250 Capacity with balanced wheels and 500mm Magnetic Chuck.

Lunn Davies Internal Key Seater 4- 22mm 3/16-7/8 through keyways

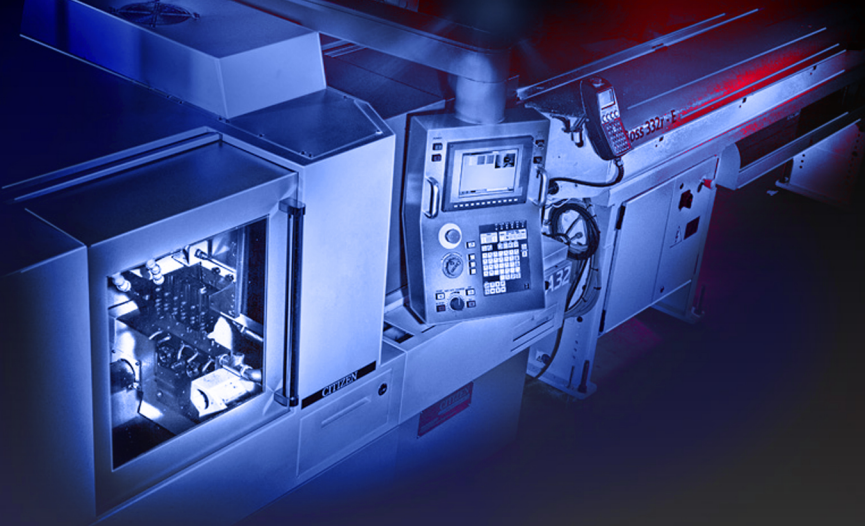

50 Tonne Hydraulic press with ancillary equipment

All our work is planned out in advance on a production planning system to ensure
"on time" deliveries

All our regular customers have our mobile numbers for 24/7 contact and constant
communication

Our workforce is our greatest strength, calling on time served craftsmanship

INSPECTION & PRODUCTION

Numerex Co-ordinate Measuring Machine. 1000 x 1000 x 750 capacity.

Micrometers up to 1000 mm (39 inches) External and Internal.

A whole range of finishing equipment from part marking/etching to packing

Production Planning Gantt Chart system for easy visual loading of production and on time deliveries.
