AV Stainless Steel

Direct Acting K02 Series

- 1/8" and 1/4" port sizes
- 2/2 and 3/2 normally open and normally closed
- NEMA 4x and explosion-proof solenoids available

NAMUR Actuator D06 & D20 Series

- 3/2 (D06 Series)
- 5/2 single and double solenoid (D20 Series)
- 5/3 double solenoid available with blocked center, exhaust center, pressure center configurations (D20 Series)
- NEMA 4x, explosion-proof and intrinsically-safe solenoids available

Line Mount L20 and L45 Series

- 5/2 single and double solenoid or remote air pilot operators
- 5/3 double solenoid and remote air pilot available with blocked center, exhaust center, or pressure center configurations
- Balanced spool design can be plugged for 3-way normally open or normally closed, dual pressure and selector functions
- NEMA 4x, explosion-proof and intrinsically-safe solenoids available

Accessories

- Mufflers
- Exhaust restrictor mufflers
- 1/8" - 3/4" NPT
